How are the reports reviewed?

[NCs](#) and [GHG inventories](#) from Annex I Parties undergo an in-depth review by teams of independent experts. This process provides a thorough technical assessment of each Party's commitments and the steps taken towards implementation. Teams are selected from a roster of experts nominated by Parties and coordinated by the secretariat. The [in-depth reviews](#) typically draw on findings from visits to the country concerned, as well as desk-based studies. In addition to assessing the implementation of commitments by Annex I Parties, the in-depth reports allow easier comparison of information between the NCs of Parties, although no common indicators are used.
